

We provide specialised support, information and training to all those affected both when a child dies, and when a child is bereaved of someone important in their lives. Everything we do is based on what we learn from bereaved families.

### **CBC Training**

We devise and deliver tailor-made training for those whose work involves contact with families experiencing loss. A range of training is provided at our dedicated training centre, Aston House, West Wycombe, Buckinghamshire.

**Due to generous funding from The True Colours Trust we are able to offer a limited number of bursary places on our training workshops. For availability please call 01494 479749**

Examples of one day Workshops include:
