

# UK Board of Healthcare Chaplaincy

Dear All,

This is an early alert that we are holding a day conference at the Moller Centre in Cambridge, CB3 0DE, on Thursday 7<sup>th</sup> March 2019. The theme is focussed on the Body of Knowledge that underpins Chaplaincy practice.

We have invited Prof David Ford, (Regis Professor of Divinity Emeritus University of Cambridge) OBE, and Revd Dr Iain Macritchie, Programme Director for Chaplaincy NHS Education for Scotland, as keynote speakers. I will chair the day and it promises to be an exciting, thought provoking day. The cost for the day is £20 because it has been supported by funding from the NHS.

Please indicate an interest by completing the reply slip below. Places are limited.

If you want more details, we hope to send a fuller brief within the next month. Do not hesitate to ring me (01223 217769) if you want to talk more about it.

Yours sincerely

A handwritten signature in black ink that reads 'Derek J. Fraser'.

Revd Dr Derek Fraser
